NOTES

To gather information on extended degree students, students enrolled via the Interactive Video Network, and the many other collaborative program arrangements, institutional staff manually tracked and separated, then later combined, the information. This process was due to the intentional design of the student information system to make enrolling at two different campuses seamless to the student. Because of the need to prioritize job responsibilities, these time-consuming tasks of tracking jointly enrolled students were no longer performed by most of the campuses after 1993. However, the following information provides available data about the above-described population of students.

1991: UND extended degree students (119)
VCSU students on NDSU campus (45)

1992: UND extended degree students (129)
VCSU students on NDSU campus (36)

1993: UND extended degree students (363)
VCSU students on NDSU campus (70)

1994: VCSU students on NDSU campus (87)

1995: VCSU students on NDSU campus (92)

1996: VCSU students on NDSU campus (95)
MiSU-B students on MiSU campus (24)
